Experience

06.2022 - 11.2022

Frontend Developer Internship
Frontend Simplified

• Transformed a completely static HTML, CSS, JavaScript and React single page application into an interactive user interface using animations, transitions and carousels.

• Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination and dynamic routing.

• Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment.

2020-2021

Digital Designer
Creator

•Collaborate with other designers and copywriters.

•Develop designs that adhere to brand guidelines.

•Follow creative briefs and provide exceptional design concepts that meet project deadlines.

•Create performance marketing digital assets.

•Support the Sr. Designer in delivering top notch designs.
